In line with the Parish Council’s Tree Management Policy, recognising the importance and amenity value of trees (and hedgerows) within the environment, would only support work to, and removal of, trees (or hedgerows) that would not be detrimental to the health and stability of any remaining trees, and necessary for reasons of essential maintenance, or health and safety of persons and property. The Council refers to the Arboricultural Officer’s decision in this regard.

**25.36.03**

	<b>SDNP/25/01729/FUL</b>	<b>Newtonwood Barns</b>	The change of use of the existing buildings from a veterinary training centre to provide Alternative Provision (AP) for up to 14 children day aged between 6 and 19 years.	
Four Marks Parish Council has no objection to application SDNP-25-01729-FUL for a retrospective change of use.				

**25.36.04**

	<b>EHDC-25-0410-FUL</b>	<b>Fir Trees Farm Alton Lane, Four Marks, Alton, Hampshire</b>	Detached dwelling with associated parking, cycle shed and landscaping following demolition of existing temporary dwelling..	
Four Marks Parish Council would like to lodge a strong objection to this application and refers the case officer to the Medstead and Four Marks Neighbourhood Plan which is valid until 2028 where there is a defined Settlement Policy Boundary. The application is outside of the SPB and therefore contravenes policy one in the above plan. Land outside of the settlement policy boundary is considered to be countryside and CP19 of the JCS applies in that the countryside should be protected for its own sake. This application is not necessary for farming, forestry or any rural enterprise. The large house on the application would be replacing a temporary building with an agricultural tie and so the Council considers that any development on this site should have an agricultural link.				

**25.37 PC TO NOTE DECISIONS NOTIFIED AND PENDING**

The council received and noted a summary of notified decisions, appeals and updates on pending decisions (circulated in advance). There was some discussion of the format of the document after the Locum Clerk pointed out that the document had been transferred to a spreadsheet. It was agreed that the parish council's comments should be added to the document and it was suggested that planning application numbers should be split by parts so that the spreadsheet may be filtered.

**25.38 PC ADDITIONAL PLANNING MATTERS****25.38.01 To receive update on Neighbourhood Plan and drop-in sessions.**

The meeting heard that the Call for Sites was underway
