

FIGHT4FOURMARKS– Overview

We are:

- Ordinary residents worried about over-development in our villages
- We recognize the need for housing, but we want responsible development: right level of development + right type of housing + in the right locations

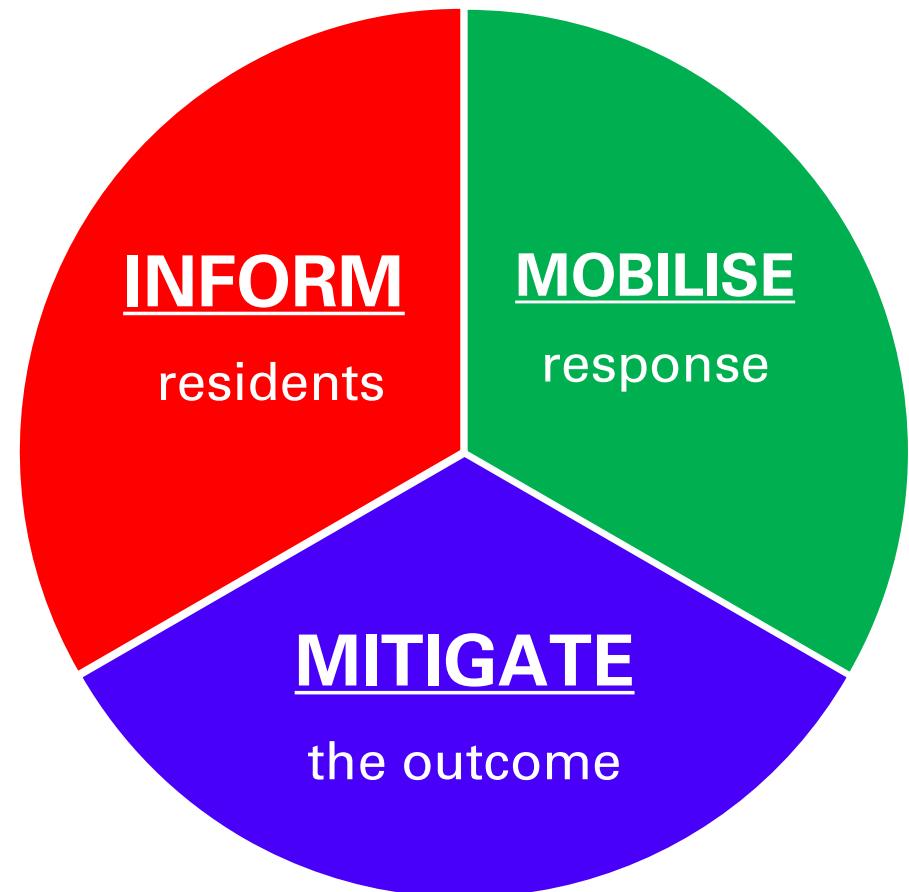

Our Aim:

- **Inform** Keep all residents of FM informed about planning issues (FB, website, Alton Herald, FM News)
 - Show how to get residents' view heard @ EHDC
- **Mobilise** mass responses
- **Mitigate** the outcome as far as we can
